

Julienned Sun Dried Tomatoes

Due to demand we are introducing our new Julienned Sun Dried Tomatoes. These tomatoes are the perfect way to add flavour, texture, and colour to your culinary creations.

Julienned Sun Dried Tomatoes go naturally with pasta sauces, chili, baked goods such as bread and bagels, cream cheese, pizza, and salads.

If desired the Julienned Sun Dried Tomatoes can be blanched for 30 seconds in boiling water to soften and bring out their flavour. This is especially useful when using in salads.
