

# RED CHILI THREADS

We are excited to introduce this new and unique product - Chili Threads !

Chili Threads are dried red chili peppers cut ½ millimeter in width and average 2-3 inches in length. Although mild in heat they are full of flavour.

Chili Threads are the perfect way to add elegant colour to your menu !

Originally used in kimchi, the Korean side dish, the Chili Threads are wonderful as a garnish. Use the Chili Threads to liven up soups, salads, and hors d'oeuvres.

To bring out a deeper chili flavour, lightly toast the Chili Threads in a dry skillet.

Chili Threads are also wonderful when used to adorn meat, mashed potatoes and other vegetables. The Chili Threads are not brittle and will not break into small pieces, allowing their elegance to remain.
